Employment History

- 04/2008 - Present **Wireless Toyz** Las Vegas, Nv
Owner / Operator
- I have owned and operated this location for almost 4 years. Recently made the decision to become an absentee owner and pursue other interests. When I took over the location, it was losing money. I had it back in the black within 90 days and continued to increase its sales/profitability. the store was in the bottom 25% of performers before I took over. It is consistently in the top 25% now. Built up a team of loyal employees and customers alike. A handful of strong operators in the Las Vegas market made Wireless Toyz a force in that market, and I am proud to say I am one of them.
- 1994 - 04/2008 **McDonald's** Paso Robles, Ca
General Manager
- My accomplishments during my employment at McDonald's are too long to list here. Did all the typical day to day management duties, Was one of only a handful of managers that were part of a regional decision making "think group", opened new stores, relocated existing stores, would move to "troubled" locations to help rebuild, consistently hit all goals and bonuses, and much more.

Education

- 1992 **Paso Robles High School** Paso Robles, Ca
Diploma
- My schooling may not be extensive, but I excel in hands on learning and have gained more real world education than college could ever give me.
